

**TELESTEPS** 

No.1 in telescopic work tools

**SOLID LINE**

Working platform

# STEADY AS A ROCK

Your perfect friend when you work for longer periods at the time.

The Solid platform can be adjusted to the ideal height fitting all your needs. It is small and compact for storage as well as transportation and with its telescopic function the platform is perfect for narrow spaces. Our new upgraded version has a reinforced framework which makes it even more stable and torsional rigid.

## SAFETY FEATURES

A simple & safe locking system, wide steps for a comfortable experience and a built-in handle for easy carrying combined do result in a perfect work tool which is designed for tough work environments. The ideal platform for people working on the same area over an extended period of time.

The steadiest and most agile platform you will ever use.

# IT'S ALL IN THE DETAILS

A ladder is a ladder they say. But we know that it is the small details that makes the big difference.

## SMART & SAFE UNLOCKING

Push buttons for closing the ladder.

## SAFER RUNGS

Rungs with grooved channels to disperse dirt.

## WIDE STANDING AREA

Wide area to stand on. Can also be used as a working table.

## ADJUSTABLE HEIGHT

Extend only to your desired height.

## BUILT-IN HANDLE

A clever handle making it easy to carry the ladder.

## RUBBER FEET

Rubber feet to avoid damaging the floor surface.

# ALL IT TAKES IS ONE

Our Solid Line. A flexible and versatile platform.

## SOLID LINE

Art. No.	61209-601

Max load	150 kg
Max users	1

# ACCESSORIES

Our accessories makes your everyday work a bit easier.

To further improve our products and personalize them to your specific needs we have a number of accessories to choose from.

## MAINTENANCE KIT

Be safe by taking care of your ladder.

For reasons of safety and functionality, the telescopic product must always be kept clean, particularly the telescopic tubes and rungs. Dirt, filings, paint spots, glue etc. must be cleaned after each use, and before the ladder is closed.

Treat your Telesteps products with care and it will retain its unique properties.
